

**GE 25 Council**  
**June 2008 meeting**  
**June 9, 2008**  
**MEETING MINUTES**

**Meeting Attendees:**

Roger Carver, CCD; John Lanning, UCD; Wayne Artis, PPCC; Alan Lamborn, CSU Sys; Geri Anderson, CCCS; Michael Mumper, ASC; Kathleen Bollard, CU Sys; Cristina Martinez, MSCD; Jeff Reynolds, AIMS; Tom Smith, UNC; John Sowell, WSC; Richard Nishikawa, CUB; Steve Roderick, FLC; Cathy Barkley, (by phone).

**INFORMATION ITEMS:**

**Website Update** – Corrections made for CSU-P and CCCS were shared; no other comments made.

**Update on gtPathways Statewide Workshops** – Vicki recapped that Engineering would be the first Agreement to be reviewed, (most likely the 2<sup>nd</sup> or 3<sup>rd</sup> week of September), followed by another meeting on the 10<sup>th</sup>/Oct, during the Annual Fac to Fac Conference. Vicki asked for meeting representatives.

**Conference Update** - Vicki provided a summary of the College Board/Preparate Conference, preparations for her participation in the National Nursing Education Capacity Summit and the August SHEEO Conference.

**DISCUSSION ITEMS:**

The National Nursing Education Capacity Summit was discussed. Vicki shared with GE 25 members the contacts she has currently for nursing, and asked if there were any general transfer questions related specifically to nursing.

Vicki discussed SC1 and SC2 courses and stated that the postings were not complete at the website per the GE 25 earlier discussions because several schools had not responded, (UNC, ASC, CUB, UCCS, and CSU-P). These institutions requested that Vicki share with them, via email, the SC1 and SC2 information. Vicki shared that CSU-FC, FLC, WSC, CCCS, and MSCD had already responded.

Geri's IB question was briefly posed again (it had been previously presented to GE 25), so that Vicki could obtain "official" documentation for these minutes: There is no expectation that a 4 year institution would accept 30 hours of IB passed through the CCCS unless it's part of a student's completed AA/AS.

Vicki asked for assistance with the planning of this year's Fac to Fac, (a hybrid advising/faculty conference had previously been agreed on). **Wayne, John and Nish all volunteered.**

### **ACTION ITEM:**

1. Proposed changes to AHUM content criteria (see hand-out) - GE 25 Council approved recommended changes and Vicki agreed to author a “note” regarding compliance with competencies under AH 4. She will email this to members of GE 25 for their input/comments.
2. Transfer Guide review of 2<sup>nd</sup> draft or the 1<sup>st</sup> 2 years of the Bachelor’s degree, by major, best choices was presented by Wayne and John. GE membership discussed the draft documents and suggested changes, included changing “core” to Gen Ed or gtPathways and also speech to communication. They also agreed to strike UCD Admission as stated/included on page 2. It was decided that Wayne, John and others would tweak the draft, creating a 3<sup>rd</sup> draft for the GE 25 to review at their next meeting. Members will receive a draft copy for their review prior to the August 11<sup>th</sup> meeting.
3. Membership went over a transfer case provided by Vicki and had some discussion. Vicki suggested that perhaps policy revisions were necessary. This will be discussed in more detail at fall GE meetings and possibly the Fac to Fac.
4. GE Membership also discussed briefly the Affirmative Action issue (upcoming election) and whether or not to have a July meeting, (as AC won’t be meeting). It was decided that we would cancel July’s meeting and begin meetings again in August.

Meeting adjourned.

**Next meeting will be August 11, 2008.**
