

A few important reminders as we approach the holiday season:

- The COVID-19 vaccine distribution has started in Colorado
 - Visit <https://covid19.colorado.gov/vaccine> to stay up-to-date on the latest news.
- But, with almost 1 in 40 Coloradans contagious with the virus, we are still in our most dangerous phase of the pandemic yet.

This holiday season we need to do three things:

1. Only interact in-person with people from your household (defined as those who normally live and sleep under the same roof).
2. Refrain from traveling. Celebrate virtually with the people who don't live with you.
3. Avoid crowded stores. Shop for gifts online and have them delivered or pick them up curbside. Find local Colorado businesses to support via the [#ShopLocalColorado](#) campaign. Wear a mask and keep your distance whenever you do leave your home.

And, have a safe and happy holiday!
