10:35 a.m.	Free Application Day (Oct 15) preliminary results	<i>Carl Einhaus, CDHE</i>
Notes	Carl provided an overview of Free Application Day (FAD) (preliminary numbers by institution included below agenda). It was a great success - we will have doubled application numbers as soon as we have final numbers. Commissioners applauded the event overall and had suggestions to consider for future years. Ideas included limiting the number of institutions in which students can apply to on FAD; and having a second FAD in early spring (March) for students who were not ready to apply in October. Carl will discuss these ideas and more with the statewide Admission Council.	
10:40 a.m.	Open Educational Resources (OER) updates	<i>Spencer Ellis, CDHE</i>
Notes	Spencer discussed the forthcoming agenda item for the CCHE business meeting. Commissioners' wanted to know what incentives could be provided to institutions and what strategic levers could be pulled to further the initiative. Recommendation for continued analysis advised.	
10:55 a.m.	Review and approval of proposed baccalaureate degree programs from community colleges and local district colleges	<i>Chris Rasmussen, CDHE</i>
Notes	Chris noted that this CCHE meeting agenda item will likely be tabled to December due to additional concerns raised by an institution and the Department's request for guidance from the Colorado Office of the Attorney General. There remain concerns about the role of the Academic Council in the review process. Department staff believe consultation with Academic Council is a reasonable and prudent component of due diligence in reviewing degree proposals and preparing recommendations for the Commission.	
11:10 a.m.	Depart for pictures	
<b>Next tentative meeting date: Thurs, Dec. 5<sup>th</sup>, 10:30 a.m.</b>
