

## Let's start a conversation about Higher Education

**Did you know that three out of every four jobs in Colorado now require a certificate or degree?**

To maintain our momentum, we need more Coloradans to continue their education beyond high school.

That's why we're celebrating students' choice to reach higher on Decision Day, Monday, May 1, 2023.

*We see honor in all education pathways, whether students attend a community college or university, become an apprentice or serve in the military.*

[cdhe.colorado.gov](http://cdhe.colorado.gov)

**Here's how you can show your support:**

- Rally friends, families and coworkers to **WEAR GEAR** from their favorite college, university, military branch or apprenticeship program on Monday, May 1, 2023.
- Post pictures tagging **@CoHigherEd** and **@CollegeInCo** with **#DecisionDayCO** and **#CORises** on Twitter and Facebook.
- RSVP on our Facebook page to receive updates and reminders.

**Wearing your gear is just the beginning!**

**We encourage you to:**

- Talk to students about their plans after high school
- Participate in a Career Day
- Visit a class to talk about your higher education journey
- Invite a classroom to visit your business or organization.
- Take on a mentee, apprentice or intern

**Join the celebration!**
